ASX ANNOUNCEMENT

19th February 2024

Copper in the Americas Investor Call

- **20th of February 2024 at 11am AEDT / 8am AWST.**

EV Resources Limited (ASX:EVR) 'EV Resources' or "the company" is pleased to announce its participation in the *"Copper in the Americas"* Investor Call alongside other explorers with copper projects in South America *(Argentina, Chile & Peru).*

Hosted by ProjectBank & sponsored by Peak Asset Management, the online investor call will be held on Tuesday 20th of February 2024 at 11am AEDT / 8am AWST.

Managing Director, Hugh Callaghan will provide an overview of the Company which is focused on exploring and developing copper assets in The Americas. The Company has recruited a team with deep Latin American exploration and mining experience, and has opened an office in Lima, with key executive members being based close to where EVR operates. Mr. Callaghan will provide an update on EVR's high grade Parag Copper-Moly Project in Peru, with drilling under way and assays expected.

This webinar can be viewed live via Zoom and will provide viewers the opportunity to hear from, and engage with, a range of ASX-listed exploration companies with copper projects in the Americas. To access further details of the event and to register at no cost, open the link below, or copy paste into your browser.

This ASX announcement was authorised for release by the Board of EV Resources Limited (EVR).

Forward Looking Statement

Forward Looking Statements regarding EVR´s plans with respect to its mineral properties and programs are statements that are not historical facts. Words such as “expect(s)”, “feel(s)”, “believe(s)”, “will”, “may”, “anticipate(s)”, “potential(s)”and similar expressions are intended to identify forward-looking statements. These statements include, but are not limited to statements regarding future production, resources or reserves and exploration results. All of such statements are subject to certain risks and uncertainties, many of which are difficult to predict and generally beyond the control of the company, that could cause actual results to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. There can be no assurance that EVR’s plans for development of its mineral properties will proceed as currently expected. There can also be no assurance that EVR will be able to confirm the presence of additional mineral resources, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of EVR’s mineral properties. The performance of EVR may be influenced by a number of factors which are outside the control of the Company and its Directors, staff, and contractors.

These risks and uncertainties include, but are not limited to: (i) those relating to the interpretation of drill results, the geology, grade and continuity of mineral deposits and conclusions of economic evaluations, (ii) risks relating to possible variations in reserves, grade, planned mining dilution and ore loss, or recovery rates and changes in project parameters as plans continue to be refined, (iii) the potential for delays in exploration or development activities or the completion of feasibility studies, (iv) risks related to commodity price and foreign exchange rate fluctuations, (v) risks related to failure to obtain adequate financing on a timely basis and on acceptable terms or delays in obtaining governmental approvals or in the completion of development or construction activities, and (vi) other risks and uncertainties related to the company’s prospects, properties and business strategy. Our audience is cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof, and we do not undertake any obligation to revise and disseminate forward-looking statements to reflect events or circumstances after the date hereof, or to reflect the occurrence of or non-occurrence of any events.
