The Board has established a corporate governance framework, including corporate governance policies, procedures and charters, to support this commitment. The framework is reviewed regularly and revised in response to changes in law, developments in corporate governance and changes to the Company’s business. A copy of these charters, procedures and policies are available on the corporate governance page of Matador’s website and are referred to in this document where relevant.

As a listed entity, Matador must comply with Australian laws including the *Corporations Act* 2001 (Cth) (Corporations Act) and the Australian Securities Exchange Listing Rules (the “**ASX Listing Rules**”), and to report against the ASX Corporate Governance Council’s Principles and Recommendations (4th Edition) (the “**ASX Principles**”).

As required by the ASX Listing Rules, this Corporate Governance Statement (the “**Statement**”) discloses the extent to which Matador has followed the ASX Principles and Recommendations. Except where otherwise explained, Matador follows the ASX Principles and Recommendations.

This Statement should be read in conjunction with the material on the Company’s website www.matadormining.com.au, including the 2023 Annual Report.

This Statement relates to the financial year ended 31 December 2023 and is accurate and up to date as at 28 March 2024. The Statement has been approved by the Board.

Corporate Governance Statement

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Key policies and charters with respect to the Board are the Company's Constitution and the Board Charter.

Recommendation 1.1 Disclose a Board Charter

The Board has established a Board Charter.

The Board has adopted a formal Board Charter that details the Board's role, authority, responsibilities, membership and operations, and is available under Corporate Governance on our website at: www.matadormining.com.au.

The Charter sets out the matters specifically reserved for the Board, requirements as to the Board's composition, the roles and responsibilities of the Chairman, Managing Director and Company Secretary, the establishment, operation and management of Board Committees, Directors' access to Company records and information, details of the Board's relationship with management, details of the Board's performance review and details of the Board's disclosure policy.

Recommendation 1.2 Appointment and Election of Directors

The Company undertakes appropriate checks before appointing a person or putting forward to security holders a candidate for election, as a Director.

The Board, through the Remuneration and Nomination Committee, is required to ensure appropriate checks (including checks in respect of character, experience, education, criminal record and bankruptcy history (as appropriate)) are undertaken before appointing a person, or putting forward to security holders a candidate for election, as a Director.

All material information relevant to a decision on whether or not to elect or re-elect a Director is provided to Shareholders in any notice of meeting pursuant to which the resolution to elect or re-elect such Director will be voted on.

Recommendation 1.3 Written Agreements with Directors and Senior Executives

All new Directors and Senior Executives are appointed through a written agreement with the Company that sets out their duties, rights and responsibilities. The Company has written agreements in place with each of its Directors and Senior Executives.

Recommendation 1.4 Accountability of Company Secretary

The Company Secretary reports to the Chairman. The Company Secretary in her capacity as company secretary is appointed by the Board and directors have access to the Company Secretary.

The Company Secretary is accountable to the Board through the Chairman on matters regarding the proper functioning of the Board, including assisting the Board and any of its committees with meetings and directors' duties, advising the Board on corporate governance matters, and acting as the interface between the Board and Senior Executives.

The role of the Company Secretary is described in more detail in the Company's Board Charter.

Recommendation 1.5 Diversity Policy

The Company is committed to building a diverse and inclusive workforce across a wide range of workforce demographics that extends beyond gender. While it remains committed to workforce diversity, in light of its scope of activity and employee numbers, it is not considered appropriate that the Board:

- a) Set and disclose measurable objectives for achieving gender diversity; and
- b) Annually assesses diversity related objectives and the entity's progress in achieving them.

The Company does however recognise the benefits of the Board being composed of directors of different ages, ethnicities and backgrounds, which can help bring different perspectives and experiences to bear on decision making.

Recommendation 1.6 Performance Evaluation of the Board

The Board considers the evaluation of its own and senior executive performance as fundamental to establishing a culture of performance and accountability. Performance evaluation of the Board and any applicable Board committees is managed by the Chair of the Board, working with the Company Secretary.

The Board has an agreed performance evaluation process which includes a questionnaire relating to the role, composition, procedures, practices and behaviour of the Board, any applicable committees and its members. Senior executives having most direct contact with the Board may also be invited to complete similar questionnaires.

Responses to the questionnaires are confidential and provided directly to the Company Secretary with the results then communicated to the Chair of the Board. The Chair of the Board meets individually with each Board member to discuss their comments. The Chairman of the Board then meets with the entire Board during which each Board member has the opportunity to raise any matter, suggestion for improvement or criticism with the Board.

Individual directors' performance evaluations are completed by the Chairman. The Chairman meets with each individual director and discusses their participation, preparedness and general contribution to the Board. The Board identifies weaknesses in their performance and may recommend strategies to correct those points.

The Chairman's performance evaluation is completed by the Chair of the Remuneration and Nomination Committee, after canvassing the views of the other directors.

A formal performance review of the Board and its members was undertaken during the first quarter of 2024. The Board is satisfied that its current composition is appropriate in the Company's circumstances and is satisfied that the performance of the Board and its members meets the Company's requirements.

The Managing Director reviews the performance of the Company's senior executives. This is conducted by the Managing Director meeting with senior executives to discuss their overall performance, having regard to individual performance objectives and Company performance objectives. The Managing Director may recommend strategies to correct weaknesses.

All shareholders have the option of receiving part or all of their communications electronically, and the Company regularly encourages shareholders to elect for, or transition to, electronic communications. Contact details for the Company's share registry are made available for shareholders on the website and in key communications to shareholders.

PRINCIPLE 7: RECOGNISE AND MANAGE RISK

Recommendation 7.1 Risk Management Committee

The Company does not have a separate risk committee. Owing to the current size of the Company, the Audit and Risk Committee of the Board have specific responsibility for overseeing risk. The Board and senior executives are responsible for overseeing the implementation of the Company's approach to risk management.

The Audit and Risk Committee oversees the Company's risk management framework. The policy of the Committee is to monitor and if considered necessary, seek advice on areas of operational and commercial risk and implement strategies for appropriate risk management arrangements and report to the Board.

Specific areas of risk, which are regularly considered at Committee and Board meetings, include expenditure levels relative to exploration success, going concern, the applicable legal and regulatory framework, foreign currency and commodity price fluctuations, performance of key activities, human resources, community and environment, land access, political instability and internal control.

Recommendation 7.2 Risk Management Framework

The Company's approach to risk management is based on the identification, assessment, monitoring, management and reporting of material risks related to its business and management systems.

Risk management governance originates at Board level and flows through to the Chairman and the Company's business units through the Company's risk register, management and reporting against the risk register and delegated authorities.

The Company's risk register identifies risks to which the Company is exposed, designating such risks by business function. For each risk in the Company's risk register, the likelihood and consequence of each risk materialising is assessed and risks are then ranked accordingly. Existing risk mitigation measures are recorded in the risk register and risk rankings are adjusted according to existing risk mitigation initiatives in place.

The Board is responsible for reviewing and ratifying systems of risk management and internal control and compliance, codes of conduct and legal compliance. It uses a number of mechanisms to ensure that management's objectives and activities are aligned with the risks identified by the Board.

Recommendation 7.3 Internal Audit

Owing to the current size of the Company, the Company does not maintain a designated internal audit function within the Company, as disclosed in the Annual Report.

The scope of work carried out by the external auditor shall include a review of internal controls, especially as they relate to the Company's foreign subsidiaries. The report from the external auditor specifically addresses any weaknesses associated with internal controls as they relate to corporate reporting and any identified weaknesses form the basis of an action plan, the purpose of which is to address any such weaknesses. Implementation and monitoring of the progress of the action plan is undertaken by the Company's CFO, who is an experienced internal auditor.

Corporate Governance Statement

Comprehensive reporting to the Board on the Company's activities, in particular, the application of funds, is carried out on a monthly basis and forms an important part of the internal control process.

Recommendation 7.4 Environmental and Social Risks

The Company's Continuous Disclosure Policy requires the Company to disclose whether it has any potential or apparent exposure to environmental or social risks and, if it does, put in place management systems, practices and procedures to manage those risk.

The Company operates in a foreign jurisdiction – Newfoundland, Canada – and recognises the importance of working constructively with local communities. In endeavouring to ensure that the Company maintains positive, mutually beneficial relationships with local communities and other key stakeholders, it applies a multi-faceted approach that seeks to address the following aspects of its engagement:

- a) Staff and contractor conduct
- b) Community engagements
- c) Community complaints
- d) Land access and relocation
- e) Migration to the local area (In-migration)
- f) Community health and safety
- g) Environmental impact

- i) Local procurement
- j) Community development

PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY

Remuneration Committee

The Company established a Remuneration and Nomination Committee and has adopted a formal, Board-approved charter that details its role, authority, responsibilities, membership and operations. The Remuneration and Nomination Committee charter will be reviewed biannually and is available on the Company's website at: www.matadormining.com.au.

The Remuneration and Nomination Committee will assist the Board in fulfilling its responsibilities in overseeing the:

- a) Remuneration strategy of the Company and its specific application to the Managing Director and senior executives;
- b) Selection, remuneration and succession of directors; and
- c) The appointment, performance evaluation and succession of the Managing Director and senior executives.

Recommendation 8.2 Remuneration of Directors and Senior Executives

The Company's Remuneration Policy is to ensure that the remuneration package properly reflects the relevant individual's duties and responsibilities and that remuneration is competitive in attracting, retaining and motivating people of the highest quality.

Non-Executive Directors are remunerated by way of fixed remuneration (cash fees), superannuation contributions where appropriate and from time-to-time, options.

Corporate Governance Statement

Levels of fixed remuneration for Non-Executive Directors reflect the time commitment and responsibilities of the role. Non-Executive Directors are paid their fees out of the maximum aggregate amount approved by shareholders for the remuneration of Non-Executive Directors. The sum each Non-Executive Director is paid is determined by the Board. Additional fees can be paid for participation on Board Committees or where the time commitment is in excess of that which is typical for a Non-Executive Director of the Company.

While the Company's Non-Executive Directors have been granted unlisted options, in the ordinary course, they do not receive performance-based remuneration as it may lead to bias in their decision-making and compromise their objectivity.

It is generally acceptable for Non-Executive Directors to receive securities as part of their remuneration to align their interests with the interests of other security holders.

Subject to obtaining any required approvals, the Company's Non-Executive Directors may also choose to receive shares in the Company as part of their remuneration instead of receiving cash and may participate in equity schemes of the Company, such as option schemes.

Non-Executive Directors should not be provided with retirement benefits other than superannuation. The Company's Non-Executive Directors are entitled to and receive their statutory superannuation entitlement.

Remuneration packages for Executive Directors and other senior executives include an appropriate balance of fixed remuneration and performance-based remuneration.

Fixed remuneration is to be reasonable and fair, taking into account the Company's obligations at law and labour market conditions, and relative to the scale of the Company's business. It reflects core performance requirements and expectations.

Performance-based remuneration is linked to clearly specified performance targets. These targets are aligned to the Company's short and long-term performance objectives and are appropriate to its circumstances, goals and risk appetite.

Termination payments, if any, for senior executives are agreed in advance and the agreement clearly addresses what will happen in the case of early termination. There is no termination payment for removal for misconduct.

Details on the Company's approach to remuneration and the amount of remuneration and all monetary and non-monetary components for all Directors and Key Management Personnel are included in the Remuneration Report within the Directors' Report in the Annual Report.

Recommendation 8.3 Equity-based Remuneration

The Company has an equity-based remuneration scheme. The Company strives to have a well-designed equity-based remuneration scheme, including options or performance rights, which can be an effective form of remuneration, especially when linked to hurdles that are aligned to the Company's longer-term performance objectives. The Company takes care in the design of equity-based remuneration schemes to ensure that they do not lead to "short-termism" on the part of senior executives or the taking of undue risks.

The Company has a policy – Securities Trading Policy – on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme.

A copy of the Securities Trading Policy is available on the Company's website at www.matadormining.com.au.
