

## DIRECTOR NOMINATION

**Raiden Resources Limited (ASX: RDN) (“Raiden” or “the Company”)** is pleased to advise that Pilbara Gold Corporation Pty Ltd (“**PGC**”), the vendor of the Pilbara assets, has nominated highly experienced geologist, Mr Dale Ginn to join the board of Raiden as a Non-Executive Director, following completion of the acquisition.

Mr Michael Davy, Chairman of Raiden commented:

*“The board is very pleased to have received the nomination of Mr Dale Ginn to the board of Raiden. Dale is a highly experienced geologist and brings with him extensive knowledge of the Pilbara gold assets, having served as Executive Chairman of Pacton Gold for two years. With the Company’s due diligence well underway and ahead of schedule, the board looks forward to Dale joining the Company at completion of the acquisition.”*

Mr Dale Ginn, commented:

*“Having served as Executive Chairman of Pacton, my involvement included the identification and acquisition of the Pilbara gold assets, so I am pleased that I will have the opportunity to remain involved in the on-going exploration of these projects. My firm belief is that through the process of increased attention on the Pilbara, multiple substantial gold systems would be uncovered. With Raiden providing the attention and focus that the Pilbara Portfolio deserves, we are very well positioned to determine the potential of hosting a substantial gold system.*

*In addition, the existing asset portfolio of Raiden is particularly exciting and I look forward to working with the Company to assist them in unlocking value across this portfolio as well.”*

## **Board Nomination – Dale Ginn as Non-Executive Director**

Mr Ginn is an experienced mining executive and geologist of over 30 years based in central Canada. He is the founder of numerous exploration and mining companies and has led and participated in a variety of gold and base metal discoveries, many of which have entered production. Mr Ginn has led or was part of the discovery teams for the Gladiator, Hinge, 007, 777, Trout Lake, Photo, Edleston and Tartan Lake deposits and received the Quebec Discovery of the Year Golden Hammer award in 2018 for the Gladiator high grade gold deposit. His contributions have led to approximately 10 million ounces in resource generation as well as over \$500 million in capital raised for exploration and development projects. His experience has included both senior and junior companies such as Goldcorp, Harmony Gold, Hudbay, Westmin, San Gold, Bonterra, Gatling Exploration and others. While specialising in complex, structurally controlled gold deposits, he also has extensive mine-operations, development and start-up experience. In addition to operations experience, Mr. Ginn has most recently been extremely active as a partner with RSD Capital of Vancouver in founding and creating start-up exploration companies such as Pacton Gold, and successful spinoffs like Gatling Exploration. Dale is a registered professional Geologist (P.Geo.) in the provinces of Ontario and Manitoba. Mr Ginn is currently the Managing Director of European Cobalt Ltd (ASX: EUC).

#### About Raiden Resources

**Raiden Resources Limited** (ASX: RDN DAX:YM4) is an ASX/DAX listed copper—gold focused exploration Company focused on the emerging prolific Tethyan metallogenic belt in Eastern Europe and has established a significant exploration footprint in Serbia and Bulgaria.

Over the last 2½ years, the Company has secured one of the largest project portfolios in Eastern Europe, which is considered prospective for porphyry and epithermal mineralisation. The Company has defined over 20 porphyry, epithermal and polymetallic prospects over the course of 2019, a number of which will be drill tested during the remainder of 2020 and during 2021.

The Company has also recently signed an option agreement to secure a large gold and Ni-Cu-PGE portfolio of projects in the Pilbara region of Western Australia.

The Directors believe that the Company is well positioned to unlock value from this exploration portfolio and deliver a significant mineral discovery.
