

ASX Announcement

Investor Webinar – Monday 27 October @ 4 pm AEDT

27 October 2025, RocketDNA Ltd (ASX: RKT) (RocketDNA or the Company), a technology service company that leverages AI and Autonomous Drones to provide mission-critical services for enterprise customers, is pleased to invite shareholders and interested parties to an Investor Webinar.

Earlier today, RocketDNA received additional purchase orders from BHP Mitsubishi Alliance (BMA) for the operation of six dual SurveyBot units from 1 January 2026 to 30 June 2026, with a total contract value of approximately \$1 million. All purchase orders involve the operation of RocketDNA's xBot® platform, supported by SiteTube® software integration to deliver real-time geospatial data for mine planning, geology, and environmental teams. This follows the \$450,000 BMA order announced in September, which covers operations from October 2025 to June 2026.

The webinar will provide further context on these developments and outline current operational progress and growth opportunities.

Webinar Details

- **Date:** Monday, 27 October 2025
- **Time:** 4 pm AEDT
- **Presenter:** Chris Clark, RocketDNA Managing Director and CEO
